About Us:

Ayushman Foundation is a dynamic, Section 8 non-profit organization (registered under the Companies Act, 2013) committed to the holistic empowerment of marginalized, rural, and tribal communities, with a special focus on women and Particularly Vulnerable Tribal Groups (PVTGs) in Odisha and beyond.

Established with the vision of creating sustainable, dignified, and self-reliant lives, Ayushman works at the grassroots level through participatory approaches. We seamlessly blend traditional knowledge with modern skills, innovation, market linkages, and institutional building to ensure long-term impact

Our Core Belief: Not Charity, but Empowerment

We operate across key thematic areas: Women Empowerment & Sustainable Livelihoods, Skill Development, Health & Nutrition, Education, Environment & Climate Action, and Institutional Strengthening.

Vision:

To build an equitable and inclusive society where every individual – especially women, youth, and tribal communities – has equal access to opportunities for growth, dignity, and prosperity.

Mission:

To empower marginalized communities through integrated interventions in livelihood promotion, skill enhancement, health & hygiene, education, and environmental sustainability, while fostering strong community institutions and market-driven enterprises.

Our Approach

Ayushman Foundation believes in **"Not Charity, but Empowerment"**. Every intervention is designed to be sustainable, scalable, and owned by the community. By organizing women into robust institutions, upgrading traditional skills with contemporary designs and creating direct market access, the Foundation ensures that beneficiaries move from dependence to dignity and self-reliance.
